Price list is valid since 17 March 2014. Prices are subject to FCO truck TAČ. Value Added Tax (VAT) is not included in the price.

Agreed payment period between the contract sides shall be 30 days from the delivery date of the merchandise. Payment is due within the deadline or on the day, when the full invoice amount must be remitted to the bank account of the company TAČ d.o.o. In the case of advance payments or payments within 5 days from the invoice date of individual deliveries, the customer is entitled to a 5 % discount for payment. Discount is charged only in the event that the buyer has settled all outstanding obligations to the seller. For payment within 15 days from the delivery date of the merchandise, the buyer is granted an additional discount of 3 %. We reserve the right to change the payment period for the current ordered merchandise or even to withdraw from the contract, if the buyer is in breach of a substantial contractual term, or is late in payments. In the event of late payment we charge statutory interest.

* Minimum consumption: We decided to rationalise the costs in our plant and that is why we have decided to set a minimum quantity of asphaltic mixtures consumption at 1.3 tons. This quantity was determined, because we believe, that at this amount we can show the high-quality asphaltic mixtures from our selection at the lowest cost .
